To ensure a smooth fall session, the institute will provide the necessary academic support. If any student fails to meet the eligibility criteria, they are not eligible for availing the admission through the Institute's Open Counselling Program.

About City of Pune

Pune, also known as Punya - Nagari or Poona, is the eighth largest metropolis in India, and second largest in the state of Maharashtra, after Mumbai. Pune is fondly called ‘Oxford of the East’ and is known for its educational facilities. Today, Pune has more than a hundred educational institutions and nine academic institutions that provide research facilities.

Pune has a warm temperate climate with four distinct seasons: winter, summer, monsoon, and winter again. The average temperature rarely drops below 10°C in winter and rarely exceed 40°C in summer.

Admission Procedure

1. Register at www.sitpune.edu.in latest by June 16, 2016 and pay the academic fee.
2. Process of selection is based on the date of declaration of result of 6th semester. All candidates shall be confirmed only if they secure 45% marks in the Diploma examination.

Learning Beyond the Classroom
Learning beyond the classroom has assumed significance after the current generation of students have grown accustomed to systematic and effective learning both in and outside the classroom through projects, attending conferences and publications of various institutes of the University. SIU offers industrial experience, either in India or abroad. They can also opt for this internship training in any reputed company in virtually any field.

The institute employs a very effective and interactive teaching-learning process using various teaching aids including multimedia. Curriculum development, monitoring the teaching-learning process and evaluating various forms of teaching-learning process have become a routine activity of the teaching staff. A systematic approach to teaching-learning process is being followed to make the contents of the Syllabus available to the students, staff and community.

International Activities

Symbiosis Institute of Business Management is one of the institutions taking large number of initiatives for collaboration with various international institutions. Some of the initiatives include Student Exchange Programmes, Joint Research Projects, Joint PhD Programs and Consultancy projects.

The institute has a very good organizational infrastructure to ensure that students are exposed to international standards of operations. Students have been involved in joint research projects with many countries like USA, Germany, France, Italy, Korea, China and Japan, etc. A number of international conferences have also been conducted in the institute. Student exchange programs have also started with different countries like USA, Germany, France, Italy, Korea, China and Japan, etc.

Student’s Union

Students of all undergraduate programmes have complete freedom to undertake project related to their interest. They have freedom to participate in various competitions related to their fields of interest.
